- 4) Turn right after the sign for Hawkins Corner and the Northern Motel/Thai Restaurant.
- 5) Turn right at Goldstein Rd/CR38/S Sparrow Lake Rd/Port Stanton – go .3 km. Happens real quick.
- 6) Turn right on Goldstein Rd (follow over bridge over to the other side of Hwy 11) – go .7 km.

- 9) Turn right onto Grandview Lodge Rd at the big sign “Grandview Lakeside Community Club”
- 10) Drive down this private road – (this private road is 1 Km to my place)- past a few cottages – until you come onto what was an old resort. Drive Slow.
- 11) When you get to the playground on your right continue on this road and down the road stay left - up the short rise between the cottages to the circle in front of you. On top of the hill on the left (looking up from the circle below - you drove by it on the hill to the right entering the circle) is my cottage called – Riverview 1 (has all the cedar trees in front of it)

NOTE – The boat ramp is located in this area – put the boats in the water here and dock the boats nearby. The trailer needs to be put in the trailer parking area on the road coming into the property.

- 12) Once you unload your car you will need to park in the car park area. Park car and boat trailers in the trailer parking area (behind the sign on the road coming in) – or unhitch and leave the trailer in the trailer area and the car in the car parking area.
